During your set up of your Fitness Center's details on the Gym Scope website, you will be able to select your free trial period for which potential members can trial your Fitness Center.

You can change your trial period at any time via the Gym Scope website.

You agree to honor this trial period for potential members that request a trial via Gym Scope.

And the Gym Scope website states the following trial conditions:

- Limit of one trial per person.
- Includes access to the Fitness Center only during staffed hours

Set Up of Membership Plans & Start Up Costs

During your set up of your Fitness Center's details on the Gym Scope website, you will set up your membership plans and upfront start up costs that you will offer to potential members.

Membership plans can include a range of direct debit (recurring) and pay in advance (prepay) membership plan types.

Start up costs can include Joining Fee, Card Fee, Upfront Membership Fee, and other types of start up costs.

You must set up your membership plans and start up costs accurately on the Gym Scope website, and consistent

GymScope

to what you offer potential members directly at your gym. And you must accurately update your membership plans and start up costs whenever they change and as soon as they change.

Display of Membership Prices

Only weekly membership prices will be displayed on the Gym Scope website, that will be visible to potential members. When setting up your membership plans on the website, if you select fortnightly or monthly period for your prices, they will automatically be converted to a weekly price when displaying to potential members. You should use the “Preview as Displayed on Website” feature when setting up your membership plans to make sure you are happy with the display and any weekly price conversion.

New Members Joining Online

New members can join your Fitness Center via the Gym Scope website. These new members will select and join one of your membership plans that you previously set up on the website.

To secure an immediate commitment from joining members, we will charge them your start up costs via the Gym Scope website, which will be transferred to you.

If a new member joins one of your membership plans that do not have any start up costs, they will need to leave extra personal information as a sign of their commitment. Gym Scope will email all the new members information to you.

So a member joined online is defined as a person who completed the Join process on the Gym Scope website. This will require the member joining to:

- Pay your start up costs on the Gym Scope website, if the member joins one of your membership plans that you set up with start up costs.

Or

- Provide extra personal information if the member joins one of your membership plans that you set up with no(\$0) start up costs.

New members who join via the Gym Scope website, will at the time of joining online, fully pay for all start up costs(if any) for your membership plan they selected. So new member's start up costs will be fully paid in advance, prior to them first arriving at your Fitness Center. Hence, **do not charge any member who joined online any start up costs or anything membership related when they first arrive.**

When new members who join via Gym Scope first visit your premises, they should complete your induction process and your own membership agreement, with their start up costs already paid in advance.

If the new member joined any of your direct debit membership plans, they should also complete your direct debit agreement during their first visit, as Gym Scope will not charge the new member for any ongoing direct debits.

You must honor and provide your membership plans (including prices & terms) that you set up on the Gym Scope website to all members joined via the website. You can change your membership plans at any time via the Gym Scope website, which will apply to all new joined members via the Gym Scope website, but your changes will not effect previous joined members.

Gym Scope will charge/bill your Fitness Center for every member joined via the Gym Scope website, as per our disclosed rate in the Payment & Billing Period section below.

Money Back Guarantee

A Money Back Guarantee is provided to new members that purchase a membership plan to your Fitness Center

GymScope

via the Gym Scope website. The money back guarantee is only valid if the new member requests a refund from Gym Scope within 7 days of purchasing the membership on the Gym Scope website. No refunds will be given after this 7 day period.

Your Fitness Centre must not directly refund the member, as it will be processed and handled by Gym Scope.

After Gym Scope provides a refund to any joined member, we will inform the related Fitness Center so they can terminate any previous access given.

Start Up Cost Discount

You will set up the level of discount for your start up costs that new members pay when they join your Fitness Center via the Gym Scope website. This discount will be realized by the joining member, and not by Gym Scope.

For direct debit membership plans, we recommend a start up cost discount of 20%, but you can choose a discount that suits you. This discount will just be applied to the start up costs amount, and will not discount the ongoing direct debit membership plan price, which will be charged directly by your fitness center.

For pay in advance membership plans, we recommend a start up cost discount of 5%, but you can choose a discount that suits you. This discount will be applied to the total start up costs, which consists of the pay in advance membership plan price and any associated start up costs.

Start Up Costs Transfer to Fitness Center

Regarding the start up costs that Gym Scope collects on behalf of your Fitness Center when new members join online, Gym Scope will transfer the start up costs collected for the full month to your Fitness Center on the 15th day of the following month.

At the time a new member joins online, their start up costs will incur a payment processing fee of 1.75% + \$0.30 for domestic cards or 2.9% + \$0.30 for international cards.

This payment processing fee will be deducted from the start up cost amount, and the balance will be transferred to your Fitness Center.

If the Fitness Center has monthly charges owing to Gym Scope (including joined member charges), then the start up costs payable to the Fitness Center will be offset.

Payment & Billing Period

The monthly charges owing by the Fitness Center to Gym Scope will include member joined charges. The Fitness Center acknowledges that the monthly charges are dependent on the number of members joined on the Gym Scope website, and at the following rates:

- \$19.95 per joined member

If a discount to the above rates were offered, then those discounted rates will apply.

If the Fitness Center has monthly charges owing to Gym Scope, and this amount is **more** than the start up costs owing to the Fitness Center, the balance of the total charges owing to Gym Scope will require payment from the Fitness Center by direct debit.

It will be considered that the start up costs owing to the Fitness Center will belong to Gym Scope until the balance of the monthly charges owing to Gym Scope are fully paid.

And vice versa, if the Fitness Center has monthly charges owing to Gym Scope, and this amount is **less** than the start up costs owing to the Fitness Center, the balance of the start up costs owing to the Fitness Center will require

payment from Gym Scope by electronic transfer.

The billing period for the monthly charges will be from the 1st of the month (including the 1st) up to and including the last day of the same month. The balance owing for the billing period is due on the 15th day of the following month.

Invoices will be emailed to you monthly outlining the charges owing. For all charges owing to Gym Scope, you agree to have enough funds in your account on the direct debit date disclosed in your invoice. If there are insufficient funds in your account on this date, there will be a direct debit dishonor fee of \$21.90, and you must arrange payment of the invoice amount and dishonor fee immediately and without delay. You acknowledge that late payments after the disclosed direct debit date will also incur late fees of \$10 per 7 days late.
